SOLID WASTE MANAGEMENT

OBJECTIVES

The main objective of the solid waste management system in the campus is to promote the Environment Management and Conservation in the College Campus. The purpose of the current available system is

- ❖ To identify, quantify, describe and prioritize framework of Environment Sustainability in compliance with the applicable regulations, policies and standards.
- ❖ To introduce and aware students to real concerns of environment and its sustainability
- ❖ To secure the environment and cut down the threats posed to human health by analyzing the pattern and extent of resource use on the campus.
- ❖ To establish a baseline data to assess future sustainability by avoiding the interruptions in environment that are more difficult to handle and their corrections requires high cost.
- ❖ To bring out a status report on environmental compliance.
- ❖ Composting and recycling are the methods adopted by the institute.

IMPLEMENTATION

The total solid waste collected in the campus is 600 Kgs during the year from 2018 to 2023. Waste generation from tree droppings is a major solid waste generated in the campus. However it also includes papers and bottles which is segregated at source by providing separate dustbins for Bio-degradable and Plastic waste. The recycled solid waste is handed over to the local Panchayath for further usage.

Plantation in Campus

Objectives of Plantation

- ❖ To raise awareness to the students towards the importance of planting and saving trees .
- ❖ To express our concern to the environment.
- ❖ To beautify the College campus.
- ❖ To promote environmental values and Institutional Social responsibility among the students.
- ❖ To make the students aware about the importance of planting trees and restoring depleted & degraded land.

Implementation

NSS and all other departments are participated in Plantation programme. Every Saturday the college NSS unit conducts Swatch Bharath and Plantation programme. Students are advised to plant at least one tree on their birthday. In every occasion celebrated in our campus we follow the practice of giving saplings and the same will be routed in the college garden.

NATIONAL SERVICE SCHEME

BEST PRACTICE

“EVERY DISTANCE IS THE WALKING DISTANCE IF YOU HAVE TIME”

NSS BEST PRACTICE

“NO VEHICLE DAY”

OBJECTIVES:

- To raise environmental sensitivity and awareness among students about the vehicular pollution.
- To create awareness about global warming caused by fossil fuel burn and its impact on Indian economy.
- To encourage for using the bicycles and public transportation system in reducing the carbon footprints.

CONTEXT:

Our College is outside the vicinity of Seethanagaram village. The college doesn't provide the public transportation facility and the other efficient modes of commuting aren't available to reach the college. So most of the students and faculties rely on their personal bikes and vehicles. Environmentalists all over the world are raising concerns over the global warming and impact of motor vehicles in emission of poisonous gases. We, at the college level, are doing our own small act by abstain the vehicles on every Wednesday in our premise.

PRACTICE:

It's became a fashion and trend to use the vehicles even for small distance by the society, mostly by the youngster. It feels ashamed and embarrassing to them to walk or use the bicycle. Being a NSS Volunteers, we must understand the negative impact of fossil fuel on our planet and ultimately on our health. Therefore we should try to avoid the vehicles for small distance. To inculcate this habit college has made a rule for every student and faculties not to come in the college by vehicle on every Wednesday. It will help somehow to reduce the poisonous gases exhausted in the atmosphere by the motor vehicles. This will help us to reduce the air pollution, keep us active, healthy and boost our economy.

EVIDENCE OF SUCCESS:

- On every Wednesday no one use to bring their vehicles in the college.
- Students and staff enjoying using the bicycles and having a walk to come in the college.
- Students are having the self-satisfaction and patriotic feelings is developed as they are contributing to conserve the nature and saving the governments money for which they need not to go at border.
- They become aware about bad impact of vehicles on the nature and encouraging their friends and neighbors to use bicycle or electric bike for travelling in the city

“This is one small step to maintain the beautiful weather and environment”
